In 1973, the City of Bamberg celebrates its 1000 th anniversary. Due to this event, the Bamberg ham radio operators decided to create an award, which can be worked by shortwave-amateurs throughout the world under the following conditions:

European stations need 5 contacts,
Non-European stations need 3 contacts

with stations from Bamberg area in the period from 1.1.73 to 30.6.74, There are no band or mode restrictions. Every station can be worked once on each band. To get this award, send your QSL cards for the Bamberg stations together with a fee of DM 5.-/2.-US-Dollar or 10 IRC's to the award manager DL 8 NG Wolfg. Graf D86 Bamberg. Michaelsberg 4.
We would wish, that many stations all over the world will take the opportunity to have contacts with this wonderful place of history, or by any chance come by and have a look. Your are invited!
